REMARKS

Claims 22-42 were pending in the application for reconsideration. In response to the telephonic interviews with the Examiner, applicants have amended the specification, canceled claims 40-42, and amended claims 22, 28, and 34. Claims 22-39 are now pending for reconsideration.

The applicants wish to thank the Examiner for indicating allowable subject matter in claims 40-42. For business reasons not related to patentability, applicants have decided to place the application in condition for allowance. Accordingly, the independent claims 22, 28, and 34 have been amended to include the allowable subject matter from claims 40, 41, and 42, respectively.

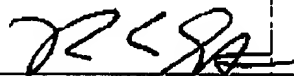

In view of the foregoing, the application is considered to be in condition for allowance. Early notification of the same is earnestly solicited. If there are any questions regarding the present application, the Examiner is invited to contact the undersigned attorney at the telephone number listed below.

Respectfully submitted,
